

Introduction

This handbook is intended for ONGC employees and contractors. It contains sample policies, operational guidelines, safety instructions, HR procedures, and technical information for testing Retrieval-Augmented Generation (RAG) systems. The text intentionally contains multiple entities, numbers, dates, departments, and procedures to improve retrieval quality. This handbook is intended for ONGC employees and contractors. Department	Employees	Manager	Location
Exploration	245	R. Sharma	Dehradun
Drilling	312	A. Verma	Mumbai
Production	198	S. Rao	Ahmedabad
IT Services	74	N. Singh	Delhi

Sample Metadata: Document ID: ONGC-HR-2026-001 | Revision: 2.1 | Effective Date: 01-Apr-2026 | Keywords: drilling, procurement, leave, cybersecurity, emergency, reimbursement, offshore, production.

Safety

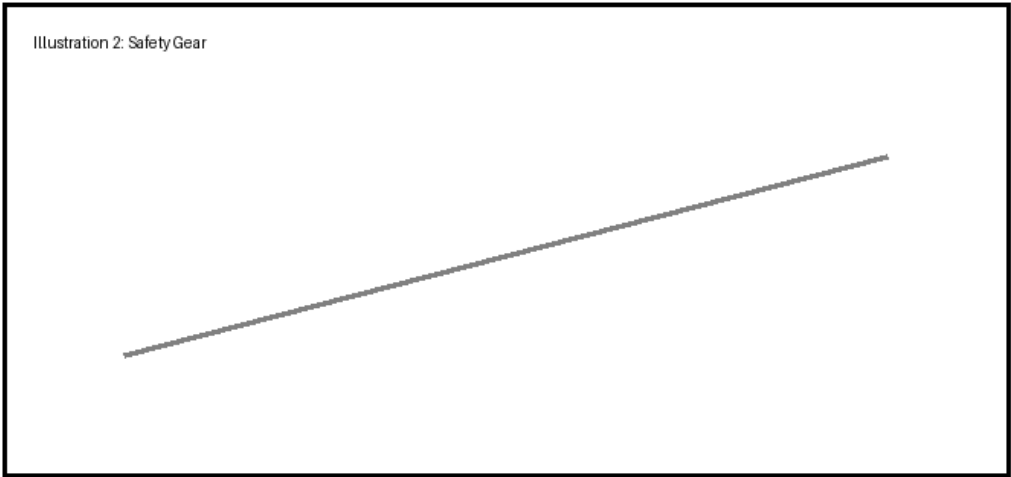

Employees working in offshore and onshore facilities must wear PPE including flame-resistant coveralls, helmets, gloves, goggles, and steel-toe boots. Toolbox talks are conducted every morning before work begins. Unsafe conditions should be reported immediately to the HSE officer.
